

# Mini PIR Motion Sensor

(GH-718C)

Hardware Manual Rev 1r0

**Figure 1.** Mini PIR Motion Sensor  
Major Components & Pin out details.

Complete PIR Motion Sensor module in tiny pcb module. Up to 7 meter detection range. On board regulator allows up to 20VDC input supply. 3.3V logic output that can be configured as normally high or normally low.

## FEATURES

- PIR Motion Sensor
- Can detect upto 7 meters range
- 4.5 - 20VDC Power Supply
- 3.3V logic output.
- 0.2mm x 2.0mm
